

IMMUNE | AUTO-IMMUNE | INFLAMMATORY

Personalized Nutrigenomic Testing *Is This Panel Right For You?*

The GX Sciences **Immune / Auto-Immune / Inflammatory Nutrigenomic Panel** consists of 31 gene variants (SNPs) that have been chosen by our medical experts which play a significant role in the patient's ability to control or resolve their immune based issues.*

Utilizing our proprietary SNP Genius™ software, the Immune / Auto-Immune / Inflammatory Panel will take the patient's genetic findings and interpret them through the GX Sciences precision supplementation algorithm to determine:

- Cellular Inflammation Potential (abnormal cellular responses to immune signals)
- Autophagy Consideration (how well the cells cleanse)
- Environmental Inflammation (potential inflammation stimulators from the environment)
- Glutathione Production and Efficacy
- How Well Do You Detox
- Should You Avoid Certain Foods & Why

The report algorithms will provide the practitioner and patient with:

- Indicated nutritional weaknesses and precision supplements made for the specific polymorphism
- Lifestyle Recommendations and Health Precautions
- Appropriate Laboratory Recommendations
- Visual aids of biochemical pathways for patient understanding
- Your genetic weaknesses to assist in treatment recommendations

The Immune / Auto-Immune / Inflammatory panel is indicated for patients with:

- Asthma
- Chronic Infections
- Eczema / Psoriasis
- Severe Allergic Rhinitis
- Granulomatous Disease
- Any Auto-Immune Disease
- Rheumatoid Arthritis
- Lupus
- Sjogren's
- Chronic Dry Eyes
- Hashimoto's
- Chronic Fatigue
- Immune Weakness
- Inflammatory Bowel Disease
